

Nilfisk Advance Sweeper

Nilfisk Advance Sweeper and Scrubber Parts - Think about how long and tedious it would really be to clean-up after a party, with no help from machines. Not too long ago, the dirt from upholstery and carpets had to be beat out of them by hand; brushes, cleaning cloths and brooms were the best cleaning products back then.

P.A. Fisker, the man who founded Nilfisk-Advance, was actually an electrical engineer who really loved working with electrical motors. Founding the company in 1906, he began to produce motors to be able to drive fans, machine tools, coffee grinders and drills. Mr. Fisker's dream from the beginning was to have a global company marketing products internationally.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning business. Mr. Fisker invented an amazing, ground breaking vacuum cleaner that could be operated by one individual in view of the fact that it only weighed 17.5 kilos! This creation came in a time where various cleaning machines were very big and needed at least 4 operators, therefore, the Nilfisk C1 transformed everything and developed the method we clean forever. The brain behind these first cleaning machines remains unparalleled. Cleaning equipment offer a brilliant solution to an existing problem; stuff get filthy and must be cleaned frequently, without a lot of effort.

Little by little, the business Nilfisk-Advance grew throughout the years. In the early 1980's the company grew fast when the company became a part of the NKT Group. With new owners on board, they concentrated on driving Nilfisk-Advance forward within the business, aspiring to be an active international player in producing professional cleaning machines. Nilfisk-Advance is currently represented in every part of the world due to gradually acquiring many small businesses to be able to expand their product range and presence in new markets. They are really proud to offer different cleaning solutions to meet each need.
