

Advance Scrubber Parts

Imagine how long and tedious it will really be to tidy up after a party, with no assistance from equipment. Not too long ago, the dirt from carpets and upholstery had to be beat out of them by hand; cleaning cloths, brooms, and brushes were the best cleaning products during that time.

P.A. Fisker, the man who established Nilfisk-Advance, was actually an electrical engineer who loved working with electrical motors. Founding the business in the year 1906, he began to produce motors in order to drive fans, machine tools, coffee grinders and drills. Mr. Fisker's vision from the beginning was to own an international business marketing goods worldwide.

The Nilfisk C1 was a revolutionary breakthrough in the cleaning trade. Mr. Fisker invented a remarkable, ground breaking vacuum cleaner that can be operated by one individual because it just weighed 17.5 kilos! This creation came in a time where various cleaning machines were huge and needed at least 4 operators, hence, the Nilfisk C1 transformed everything and evolved the way we clean forever. The brain behind these first cleaning machines remains unparalleled. Cleaning machines offer a brilliant solution to an ongoing problem; stuff get filthy and should be cleaned on a regular basis, without a lot of effort.

Gradually but steadily, Nilfisk-Advance grew through the decades. In the 1980s, this growth truly occurred the time the business became a part of the NKT Group. Their new owners' ambition and concentration made Nilfisk-Advance take a huge leap ahead within the trade, trying to be one of the largest universal players in the market of professional cleaning equipment. Nilfisk-Advance is now found in every part of the world by gradually acquiring many smaller businesses so as to develop their product range and presence in new markets. They are really proud to provide a variety of cleaning solutions to meet every requirement.
